

## Skyline Roofing®

*Skyline Roofing panels feature the look of a standing seam panel with a concealed, through-fastener design. With clean lines and lasting performance, Skyline Roofing panels have long been a top choice for residential roofing.*

### FEATURES AND BENEFITS

- Less expensive to own over the life of the roof, lasting 2 to 3 times longer than asphalt shingles.
- Cool Dura Tech® x/ colors reflect heat from the sun, keeping homes cooler and reducing energy costs.
- Features a limited lifetime warranty when used in residential applications.
- Code compliance evaluation report - IAPMO-UES #ER-0309

**Available in 12" and 16" striated options, offering building owners:**

- A unique alternative to the traditional flat look
- A shadow effect for added dimension
- Reduced appearance of oil canning

Striated profiles in Salem, OR and available to all locations upon request (See back)

#### REPRESENTATION OF COLORS MAY VARY DUE TO PRINTING LIMITATIONS.

Sample color chips are available upon request. Consult your ASC Building Products representative for more information.

#### NOTES AND COLOR CHART KEY

Not all colors and profiles are available at all locations. All 12" Skyline Roofing colors are manufactured in Salem, OR and available to all locations upon request.

<sup>†</sup> This coating is batch sensitive and directional in nature.

#### Oil Canning

All flat metal surfaces can display waviness commonly referred to as "oil canning." "Oil canning" is an inherent characteristic of steel products, not a defect, and therefore is not a cause for panel rejection.
